- General Questions

Mission

The College Board's mission is to ensure that every student has the opportunity to prepare for, enroll in and graduate from college.

THE SAT®

Created by educators to enable access to higher education, the SAT® is a highly reliable standardized measure of college readiness used in the admission process at nearly all four-year, not-for-profit undergraduate colleges and universities in the United States.

Aligned to high school curricula, the SAT tests the reading, mathematics and writing skills and knowledge students acquire during high school. The SAT also measures how well students can apply their knowledge, a factor that educators and researchers agree is critical to success in college.

The SAT is consistently shown to be a fair and valid predictor of college success for all students. Studies regularly demonstrate that the best predictor of college success is the combination of SAT scores and high school grades. In addition to admission, colleges often use the SAT for course placement and scholarships. During the 2010-11 school year, the SAT was administered to more than two million students worldwide.

ACCOMMODATIONS

Applying for Accommodations for Students with Disabilities

- The SAT Program has long supported students with disabilities, offering 50 or 100 percent extended time, formats such as Braille and cassette, large-print materials and other accommodations to students with documented needs.
- The online portal at www.collegeboard.com/ssd guides the school staff and parents through the process.
- Students who need accommodations should apply no later than **February 1**, so that they will have their SSD approval before registering.

ACCOMMODATIONS MILESTONES

JANUARY

- Application for test accommodations for students with disabilities should begin. Students who require accommodations should submit their requests.

FEBRUARY

- Application for test accommodations for students with disabilities ends on **February 1st**. Students who have not yet applied for SSD accommodations should submit their requests by this date. This will enable them to receive their decision in time to register before the April 4th deadline. See “Requesting SSD Accommodations” below if you need more information about this step.
- SAT Student Registration opens **February 6th**. Students who have been approved to test with accommodations should enter their SSD Eligibility Code when registering online, to assure that accommodations are provided.

Requesting SSD Accommodations

- SAT Coordinators will be receiving specific communications and helpful resources to support SSD accommodations, including access to the tutorial, SSD Coordinator Form and Parent Consent Form
- Requesting SSD Accommodations
 - Most requests for accommodations can be submitted using the College Board's SSD Online service.
 - The system will indicate what, if any, additional documentation is needed. If you do not have the exact documentation requested, submit the paperwork that you have.
 - You will receive an e-mail notifying you that a decision has been made. Parents or students receive a letter by mail identifying the approved accommodations or explaining why accommodations were not approved.

Applying for Accommodations

- Every student requesting accommodations must submit a request to the College Board and provide detailed information relating to the student's name and address, disability, past testing, and accommodations received at school.
- The **SAT Accommodations Coordinator** at the student's school will need to have an established Professional Account in order to use **SSD Online** at <https://ssd.collegeboard.com/ssd/coordinator/SefAction.action>.

Requesting SSD Accommodations

- You can use the online eligibility system to answer your students' questions about their application status or SSD Eligibility Codes.
- You can also contact the SSD Office at ssd@info.collegeboard.org or by phone at 609-771-7137 if you need further assistance.
- Thank you for helping to make this special opportunity possible for your students!

The School-Day SAT® Is Coming

Thanks to Delaware's winning Race to the Top proposal, the most widely used college entrance exam — the SAT® — is FREE for Delaware juniors!

Even better, the SAT is being offered during the regular school day at the students' own high schools. This gives juniors convenient access to the test in familiar surroundings, with the comfort of staff who they know and trust. The School-Day SAT also contributes to a school's college-going culture by offering more students access to this important step on the road to higher education.

Easy, online registration for the April 13 SAT opens on Thursday, Feb. 17. Along with registration, the School-Day SAT also allows eligible juniors to use The Official SAT Online Course™ for free (a \$69.95 value) through their schools!

For more information, see your school's counselor(s) or visit sat.collegeboard.com/schoolday/delaware.

About the SAT

The SAT is the most widely used college entrance exam in the state of Delaware. It was created to help democratize access to higher education. Today, the SAT is a forward-looking exam anchored in academic excellence that helps prepare students to compete in a 21st-century global economy by assessing skills required for college and beyond.

Llega a Idaho el SAT® en horario escolar

Gracias a que Delaware ganó la propuesta de Race to the Top (Carrera a la cima), el examen de ingreso a la universidad más utilizado —el SAT®— ¡es GRATIS para los estudiantes de preparatoria en tercer año en Delaware!

Y lo que es mejor, el SAT se está ofreciendo durante el horario escolar regular en las propias secundarias de los estudiantes. Esto les da a los estudiantes un acceso cómodo al examen en un entorno familiar, con la comodidad de personas que conocen y en las que confían. El SAT en horario escolar apoya el ir a la universidad al ofrecer a más estudiantes el acceso a este importante paso en el camino a la educación superior.

La inscripción para el SAT del 13 de abril, fácil y por Internet, inicia el jueves 17 de febrero. Junto con la inscripción, el SAT en horario escolar también permite a los estudiantes con derecho a hacer el examen a que utilicen el curso de estudio por Internet: The Official SAT Online Course™. Aunque tiene un costo de \$69 dólares, ¡se ofrece gratis por medio de sus escuelas!

Para mayor información, haz una cita con alguno de los consejeros de tu escuela o visita sat.collegeboard.com/schoolday/delaware.

Sobre el SAT

El SAT es el examen de ingreso a la universidad más utilizado en el estado de Delaware. Fue creado para que todo estudiante tenga la oportunidad a la educación superior. Hoy en día, el SAT es un examen moderno que tiene como base la excelencia académica para ayudar a los estudiantes a prepararse para competir en la economía global del siglo 21 al evaluar las aptitudes necesarias para la universidad y más allá.

What Is the SAT?

The SAT® is the nation's most widely used college admission test. More than two million students take the SAT every year in over 170 countries. It's what most colleges use to get to know you better. It helps them understand how you think, solve problems and communicate.

Why Take the SAT?

The SAT is an important step on your path to college. It is accepted by colleges throughout the country, and some even use it to place you out of certain classes.

It's more than just a test. The SAT can also help connect you to our college planning resources, where you can learn more about the application process, access financial aid tools, explore majors and more—all to help you find the right college.

It's one path to financial support and scholarships. The SAT can help you connect to scholarship organizations. In addition to admission, many colleges use it for merit awards.

It's fair to everyone. The SAT was created to help level the playing field in college admission. It still does so today. The SAT is the most rigorously researched and designed test in the world, which ensures that students from all backgrounds have an equal chance to succeed.

Get More from the SAT

- **My SAT Online Score Report** is a free tool that gives you the meaning behind the numbers and insight into your strengths and weaknesses, so you can learn from your performance.
- **Score Choice**® gives you the option to choose which SAT scores you send to colleges based on what each college wants to receive.

The School-Day SAT® Experience

Thank you for making school-day testing a reality for your students! Taking the SAT® in familiar surroundings during the regular school day allows students to feel more comfortable as they consider the possibility of college (some for the very first time). It's an important step for them.

Getting Started

The following items will help set the stage for you and your colleagues:

- **The SAT Experience** — A brief overview of how the SAT can help instill a college-going culture for students and educators, available at this link: www.collegeboard.com/supervisor
- **Getting Started: A Guide for New SAT Supervisors** — A quick guide to supervisor responsibilities and how we will support you in your new role
- **A School-Day SAT poster for display** — Mark the date and check "Juniors" before hanging the poster in your school

Getting Ready for April 13

You'll receive a package of training materials by mid-March. Included will be the following publications to help you get ready for the April 13 School-Day SAT:

- A memo explaining how to attend online training
- Samples of forms used on test day, such as the Supervisor's Report Form, Associate Supervisor's Report Form, and rosters
- Reference sheets of guidelines and tips
- A copy of the **SAT School-Day Testing Manual**
- A supply of flyers for your testing rooms
- A supply of **Staff Training Guides** for use in training your support staff

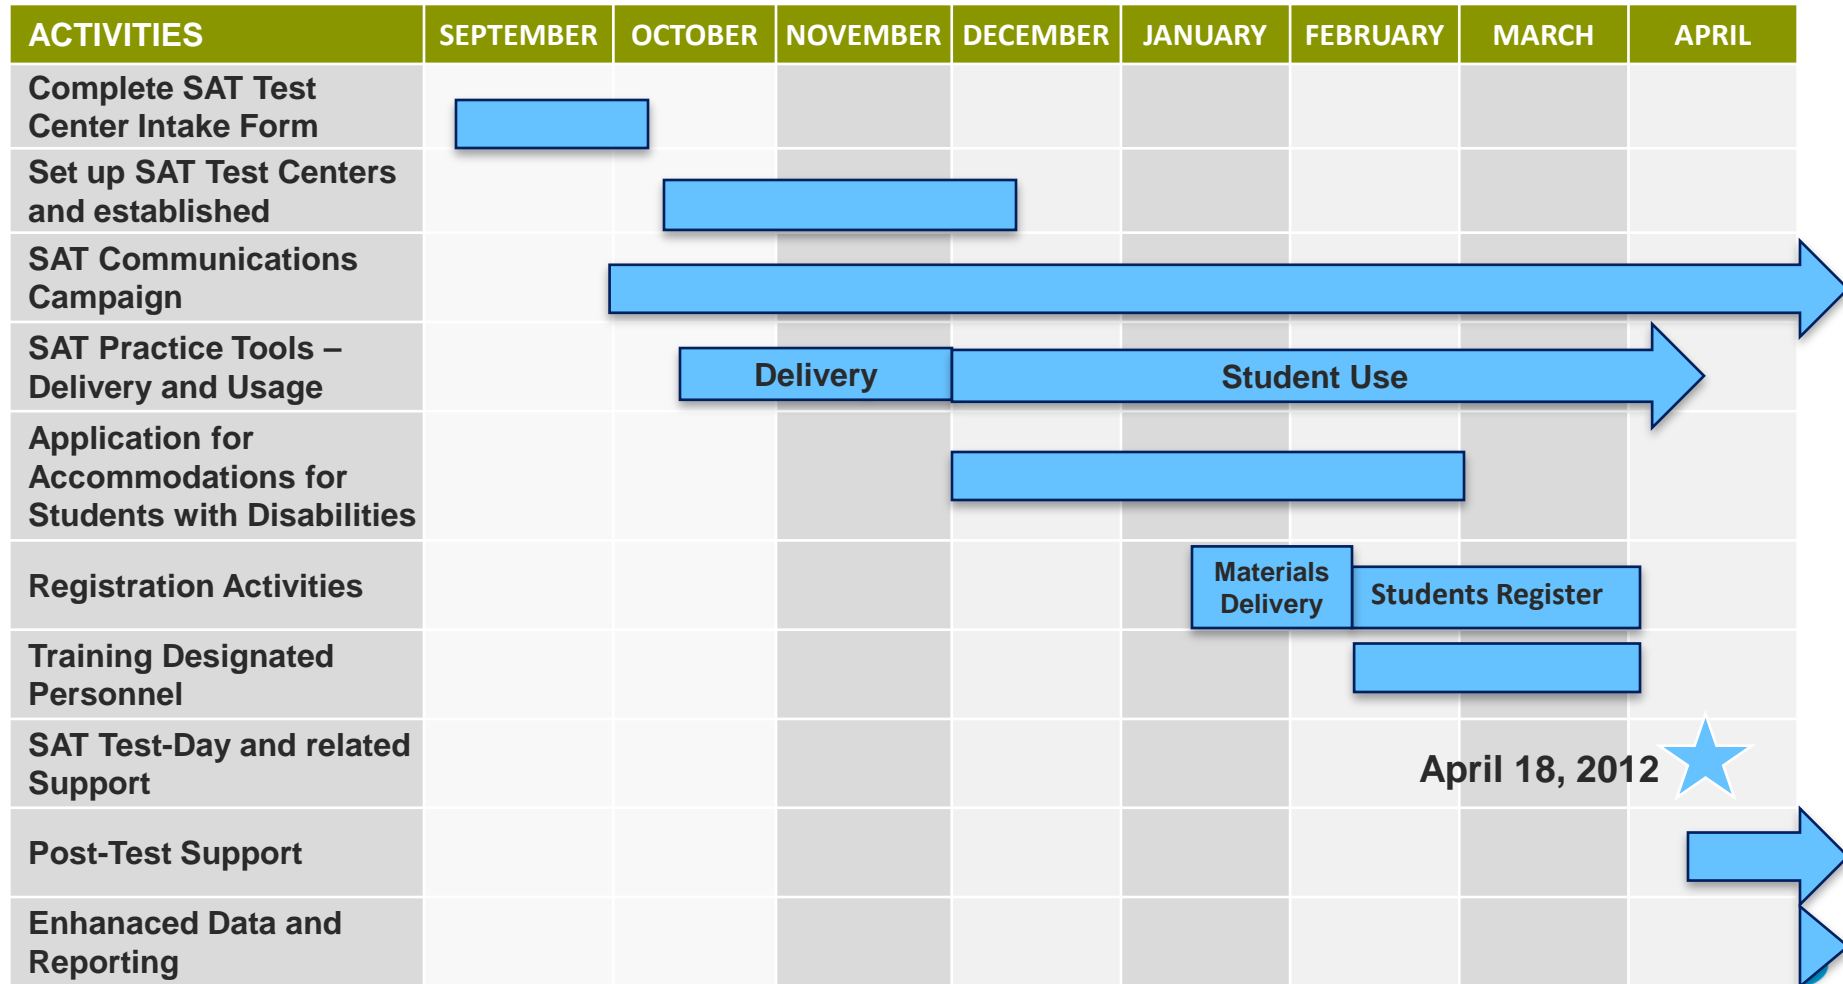

Please set aside a morning or an afternoon to complete the training. If at all possible, you should arrange to complete the training on or before March 30. Training of staff should take place by April 8.

Your test materials for April 13 will arrive a few days before test day. If your school has one or more students with disabilities who need accommodations such as Braille or audio test formats, 100 percent extended time, or use of the computer to record answers, your SSD coordinator will receive test materials separately for administering the SAT to those students.

MILESTONES

IMPLEMENTATION MILESTONES – SPRING 2012

Idaho ACCUPLACER Overview

ACCUPLACER Diagnostic Tests

- The ACCUPLACER Diagnostic tests are internet based, computer adaptive assessments that provide immediate and accurate determination of student skills and specific developmental needs

Exam Structure

- In Spring 2012, eligible Idaho High School Juniors will take the following ACCUPLACER exams in the following sequence:
 - WritePlacer
 - If a student gets a score of 5 or below on the WritePlacer, they will take the Diagnostic Sentence Skills Test. If a student gets a score of 6 or above on the WritePlacer, they will take the Diagnostic Reading Comprehension Test.
 - Diagnostic Arithmetic.
 - Diagnostic Elementary Algebra.

Purpose

- Allow Idaho students the opportunity to take the ACCUPLACER in lieu of the SAT if they have not met proficiency on the ISAT in Reading and/or Math, or if students, school teams and/or parents have determined that the ACCUPLACER Diagnostic test is in the best interest of the student.
- If a student takes the ACCUPLACER Diagnostic test in the 11th grade, they will be given the opportunity (optional) to take the ACCUPLACER Placement Test in the spring of their senior year, paid for by the state.

Note: Students and parents must be aware that the ACCUPLACER given in the 11th grade is a Diagnostic test and not a Placement test, nor a college entrance exam. However, the ACCUPLACER Diagnostic test does meet Idaho's High School graduation requirement.

Proctor Training

- ❖ Technical regional training webinars on **February 8-9, 2011**
- ❖ Additional training is available through scheduled Professional Development Series webinars.
